FIFTEEN CENTS

MARGIE & FRIENDS

Sculpting with needle, painting with thread

by GLORIA DAVIS

In the last couple of years, soft sculpture has become a decorator's delight and a craftsman's favorite and is now considered an art form.

But six years ago, when there were no patterns or kits for soft sculpture figures, Margie Turner, who claims to have been a "dollhouse freak" at the time, learned a little about these realistic figures made out of stuffed pantyhose. She turned out a soft sculptured chef for her husband Carl's birthday.

The two own the Lakeside Restaurant on Lake St., in Antioch.

Margie's definition of soft sculpture is imaginative fabric manipulation. Since she has become an expert, she has even taken to doing soft sculpture portraits of friends and famous people.

"It's my therapy," she said. Stockings, stuffing, and a needle and thread, are Margie's sculpting tools.

A stitch here, or a tuck there can change a figure's expression or its profile.

Margie's friends are constantly bringing her beads or single leather gloves, pieces of fur etc. and any other tidbits she can use to adorn her figures.

"I get an idea of how I want a figure to look in my mind and just work on it until it turns out like I envision it," she said.

Her latest creations include a bouquet of flowers with baby faces as centers, Clara Peller, the inquisitive meat lover on the Wendy's commercials, and the biggest entertainer of them all, Michael Jackson.

These are on display at the Antioch Township Library at the present time.

Although she has sold some of her work, she makes them for the fun of creating them and gives most to friends and relatives.

Offers school bus aid, attacked, car ripped-off

by GLORIA DAVIS

Scott Johnson, 20, Antioch, had an experience early Friday, April 20, that shows why so many people don't stop to help when someone is in trouble.

Johnson stopped to offer aid to what he thought was an Antioch High School school bus in trouble as it sat in a ditch off of Grand Ave. and I-94.

The thanks he got was to be attacked by one of the bus' occupants and to have his 1976 Chevy Blazer stolen.

According to the Lake County Sheriff's Dept., the bus was probably stolen about 11:30 p.m., on Thursday, April 19. That department was informed of the theft around midnight by the Antioch Police Dept.

When Johnson offered aid to the four or five occupants of the bus, he was asked if the Blazer could pull the bus out of the ditch. When he said it couldn't and offered to phone

for help, turning his back on the occupants he found himself in a headlock from behind.

His assailant forced his face into the dirt at the bottom of the ditch and warned him to stay there. The former occupants of the bus then took his vehicle and headed west on Grand Ave.

A state-wide alert for the Blazer was put out and at 12:10 p.m., the Buffalo Grove Police entered into a high speed chase with the Blazer on Dundee Rd., losing it in the area of Rte. 12 and Lake-Cook Rd., as it headed south.

The bus was returned to Antioch undamaged. Lt. Tom Fisher of the Antioch Police Dept. said that investigation showed that the bus had been hot-wired. Evidence of the attempt to hot-wire another school bus was also found, as well as additional clues that have been sent to the crime lab for analysis.

Sentenced to life Reach murder verdict in Air Force slaying

Air Force Sgt. Larry Beach, 22, has been convicted by a New Mexico jury of first degree murder. At the end of an eight-day trial, concerning the fatal shooting of Air Force Pvt. David Palaske, 20, of Antioch, the jury returned its verdict after a two-and-one-half hour deliberation.

According to 12th Judicial District Dist. Atty. Steven Sanders, the prosecuting attorney, Beach was sentenced to life imprisonment. He has already started to serve that sentence in the Santa Fe State Penitentiary. He will be eligible for parole consideration in 30 years.

Beach had confessed to the Oct. 22 murder of Palaske when he was arrested by the Otero County Sheriff's Dept., almost immediately after the body was found. At the trial he pled temporary insanity.

According to Sanders, a psychologist testified that Beach, who was a user of marijuana and cocaine, would not have been able to distinguish right from wrong within two or three hours of the substance abuse.

State's witnesses testified that Beach had been angry at Palaske because of his refusal to pay a \$50 bet and had told them he was going to "buddy-up" to Palaske and then kill him. They thought he was joking.

Sgt. Wayne Bauband said that Beach told him that he and Palaske had driven out to the desert where he shot Beach twice.

Both men had been stationed at Holloman Air Force Base, near Alamogordo, New Mexico, where they were jet fighter mechanics assigned to the 49th Component Repair Squadron of the 49th Tactical Flight Wing.

Wrong drugstore

At an Antioch Rotary Board meeting, held on Friday, April 20, the Rotarians approved expenditures in excess of \$5,000 on community projects.

With money made by the Rotarians biggest fund raiser, the annual Rotarian Pork Chop Barbeque and Auction, the following donations were allocated.

The PM&L fund to pay for the theater's building will get \$100, and the Antioch Fire Dept. will received \$2,350 for the purchase of new computer.

Prosecution testifys in Haley trial

After three years of continuances, William Haley, 43, Antioch, has gone to trial in West Palm Beach, Fla. on charges of drug trafficking.

One of the men who flew the plane into Florida loaded with \$450,000 worth of marijuana has testified for the prosecution in the trial that started on Thursday, April 19.

Woodrow Wilson, Colorado, who received probation for turning state's evidence against Haley, testified that Haley and James Amoroso, McHenry, who is also on (Continued on Page 2)

trial, promised he and another pilot, Robert Hoffman, \$40,000 for the delivery.

A Palm Beach County Sheriff's deputy testified that he caught Hoffman and Wilson as they were removing the bales of marijuana from the plane that is owned by William Zeigler, Round Lake contractor.

Zeigler has denied any knowledge of the dope smuggling.

The case is due to continue on Monday or Tuesday of this week and the defense is expected to attack Wilson's reputation and record to establish him as an unreliable witness.

Reports from Florida have rats eating the stored evidence as the reason for the long term court wait but almost every time the two sides appeared before a judge at calendar call, the record shows the defense asking for continuances to get added depositions.

Nielsen gets \$100 fine, costs and supervision

After three days of testimony from the Antioch Police Dept. concerning that department's charges against Ted Nielsen, Lake Villa, his brother Fred and his daughter Christie, Lake County Circuit Court Judge Alvin Ira Singer directed that four charges be dropped.

The charges were made against the three in connection with a fracas they reportedly initiated, in November, at the Antioch Police Station.

The prosecutor, Assistant State's Atty. Pat Quilty, subsequently dropped three charges.

Ted Nielsen pled straight guilty to one charge of battery and, since all the other charges were dropped, the jury was discharged.

Singer sentenced Ted Nielsen to pay a \$100 fine, court costs and also to three months of supervision.

The judge reportedly dropped both a charge of battery and one of resisting arrest against Ted Nielsen because of insufficient evidence and conflicting prosecution testimony. He dropped charges of resisting arrest and disorderly conduct against the other two for the same reasons.

State's Atty. Fred Foreman said that he thought that the Antioch Police personnel

had done a "good job of testifying in the case."

"The state dropped the rest of the charges, which were the weakest part of our case, after the judge dropped the charges that were the strongest part of our case. I did tell Quilty that, although he didn't have to, he should have discussed the dropping of the rest of the charges with the Antioch Police before he did it," said Foreman.

Foreman stressed that no plea bargaining was done. He said that in his opinion, Ted Nielsen's sentence was a lenient one, but the straight plea left the state's attorney's office nothing with which to negotiate for a stronger one.

The three Nielsens were reportedly at the police station to bail out a friend who had been arrested for driving under the influence of alcohol after they had attended a party.

Antioch Police Officer Ron Roth was taken for emergency treatment of a sprained wrist and Sgt. Charles Watkins had his uniform torn when he was knocked over a garbage can.

Ted Nielsen reportedly said he had to go to the hospital for treatment afterwards and has threatened to sue the Antioch Police for brutality.

Lakeland Newcomers take CPR training

If someone had a heart attack or was choking and unable to breathe, would you know what to do? Members of the Lakeland Newcomers Club have learned what to do. They have taken CPR (cardiopulmonary resuscitation) training.

The certified instructors are members of the Lake Villa Rescue Squad and they donate their time to teach groups of people these valuable life-saving techniques. The course, completed in one evening, consists of a film, lecture, instruction and practice on both adult and infant mannequins.

The course teaches how to recognize an unconscious victim, how to determine if the victim has fainted or if breathing or circulation have stopped. Once this is determined the course then teaches, step by step, what to do and in which sequence.

CPR training also teaches which methods and in which order to use in the case of an obstructed airway (choking).

When an individual completes CPR training a certificate is issued which expires in a year. To maintain CPR skills, annual review, including practice on manikins, is necessary.

Lakeland Newcomers Club is an organization not just for new residents of the community, as the name implies, but also for long-time residents who wish to meet new people and increase their social life. General meetings are held the third Thursday of each month (September-June) at 7:30 p.m. at the Millburn Congregational Church (Grass Lake Rd. and Hwy. 45). There are various activity groups for members to participate in. Some of these include arts and crafts, babysitting co-op, bridge,

couples cooking, canasta, luncheon group, exercise, stitchery, bowling, tennis and racquetball.

New groups are formed whenever an interest is shown. Business meetings are followed by an interesting program and ends with a free raffle of gifts from community sponsors and social time with refreshments. Newcomers Club welcomes those who would like to attend a general meeting with an interest of becoming a member.

The members of Lakeland Newcomers Club would like to thank the Lake Villa Rescue Squad for the donation of time to teach CPR. Because of the high number of members and sponsors participating in CPR training, Lake Villa Rescue Squad borrowed mannequins from Victory Hospital to use in addition to their own, and thanks goes to Victory Hospital for lending

them. Thanks also to the Lake Villa Fire Dept. for providing extra instructors.

Beginning in May, Lake Villa Rescue Squad will be offering free CPR training on the second Thursday of each month, from 6 to 10 p.m. A minimum of 10 people with a maximum of 20 will be required. Anyone interested in taking CPR training may contact Nancy Schoen at (312) 356-2364.

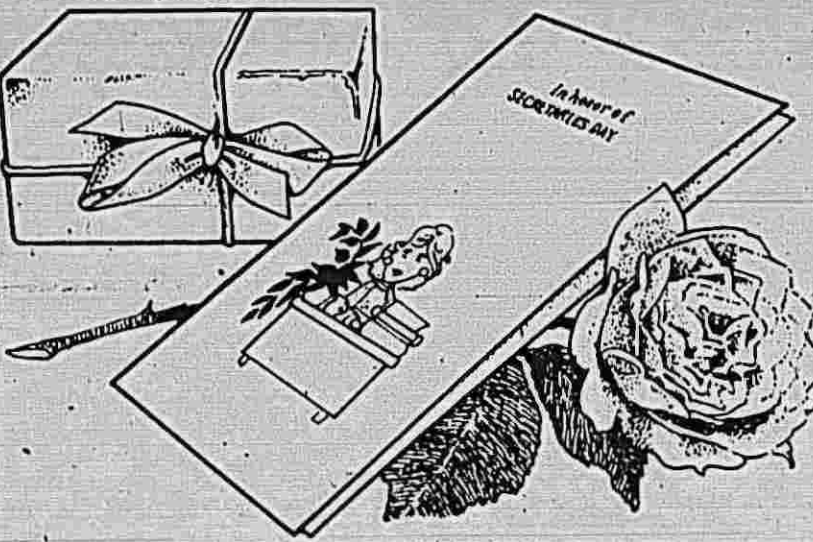

Lake Villa Rescue Squad will hold its annual street dance on July 21. Let's show our community support for them by attending this fun event, Newcomers Club members urged.

Along the way with ANNIE MAE

Easter is always a special day for many, but this Easter was a very very special one for Mr. and Mrs. Henry Harkensee who celebrated their 62nd wedding anniversary on that day.

Word is that a new electronic warehouse operation is due to go upstairs of the True Value Hardware.

I also hear that the restaurant at the intersection of Rte. 59 and Grass Lake Rd., once Nielsen's, most recently The Landmark, will soon open as Keeno's.

Reports are that the remodeling that is going on will double the restaurant's size. I also hear that the new owners used to own the Green Briar.

The little park planned by the village sewer treatment plant is getting off to a good start with the 13 new trees that were just planted there.

Congratulations to Mayor Ray Toft who is a new "puppy poppy." Buffy, his German Shorthair, had three brown and white pups on April 18 and five on April 19.

According to Cathy Soder, mom and children are and doing well, in fact mom is down right perky!

For the first time in a long time, the sun looked kindly on Antioch's egg hunt. The kids thronged to the Scout House on Friday to dig through the straw for their Easter candy.

ACHS Board honors Lindblad's 20 years

At the last regular meeting of the Antioch Community High School's board of education, the board approved Harold Trychta as an administration intern for the summer and Mark Williams as a student teacher during the fall semester of 1984.

The last day for students for the 1983-84 school year, barring additional use of emergency days, was set for Tuesday, June 5.

Low bids were accepted from Pedersen Brothers for a nine-passenger suburban vehicle and from Wick Agri-Building for a utility building at Polley Field.

The board approved the filing of applications for funds for the gifted education programs and a Quality Assistance Program for Vocational Education.

The board also approved the recommendation of Director of Curriculum Gary Allen for the institution of a drug/alcohol support group program developed by Counselor Cathy Cratty.

Additionally, he reported Counselors Cratty and Tim Noonan will be working with seniors who have concerns about leaving high school and entering the adult world.

Board President Robert Lindblad was honored with the presentation of a plaque and pen and pencil set to commemorate 20 years of service on the board.

In final moves, the board voted to retain the law firm of Robbins, Schwartz, Nicholas, Lifton and Taylor, Ltd., to represent them in negotiations.

Bank expects more growth

At the recent State Bank of Antioch annual shareholders' meeting, Andrew Bernhardt, president, reported 1983 as an excellent year for the bank with income of over \$1.3 million.

"We expect 1984 to continue that growth in deposits and earning assets," said Bernhardt, "having already set a record within the last week of over \$110 million of total assets."

The bank reported its biggest growth in the area of Individual Retirement Accounts, having attracted over \$1.3 million in new IRA deposits since December 16.

"We would have been extremely pleased with \$1.1 million during the traditional IRA period," said Bernhardt, "but we now expect to report over \$1.5 million when the results of our promotion, ended April 16, are in."

Typical of the winds of change throughout the banking world, the financial report to shareholders inevitably leads to talk of the future of retail banking with new products and services on both the lending and deposit sides and methods of delivery.

"It's imperative," Bernhardt stated, "that we con-

tinue to know our market and understand what products and services will best benefit our customers while maintaining profitability.

"Speaking to the challenge of our various competitors, we are able to offer convenient discount brokerage service, wider IRA options in a Mutual Fund Package, with a Self-Directed IRA available through our growing trust department. We're planning to introduce an equity-based line of credit in May of this year and we intend to be very active in the mortgage market," he added.

Bernhardt sees the future of banking moving to such new services as insurance and real estate, where banking regulations permit, with a different mix of specialized financial services and continued positive response by the consumer to electronic technology in the areas of automated banking and home computers.

For the State Bank, the Cash Station network of automatic teller machines has increasingly become a low-cost provider of 24-hour deposit, withdrawal and payment service at two

locations now totaling more than 4,000 customer transactions per month.

Cash Station cardholders will gain access to the YES network of 640 electronic banking terminals in 181 Chicago area Jewel food stores on May 1.

Cash Station network institutions now have the opportunity to join the CIRUS

national electronic banking systems providing customers access to over 5,000 ATM's in 43 states.

"We look forward," said Bernhardt, "to offering more kinds of service than at present, and will face more competition. But, we will also have more freedom to best equip ourselves to meet the demands of the consumer."

She said the library requested additional learning material and games to be used by

children with auditory impairment. The group voted to donate additional material in this area.

Abderholden reported that the learning games that had been donated some months ago to the library are very popular and well used.

In addition to the donation to the Antioch Library, large donations have been made to Grove School, Riverside Foundation and Lambs Farm.

These donations are made possible through the support of the people in the Antioch area to both the Thrift Shop, at 921 Main St., in Antioch and the annual cotillion.

HEALTHY GUM TISSUE

Q. Just how vital to dental health is the condition of gum tissue?

A. It is absolutely essential for gum tissue to be healthy because that tissue forms the supporting structure for all your teeth and holds them in place. If cared for properly, your gums should keep your teeth firmly rooted for a lifetime of chewing. Sad to relate, more adults lose teeth because of diseased tissue than through decay or other tooth problems.

Unfortunately, problem tissue gives no warning; it doesn't hurt until it reaches an advanced stage of disease.

Many factors affect the health of these important gum tissues. Plaque and tartar caused by improper and poor oral hygiene are the primary causes of gum disease. Improper bite is another cause. Allergies, infectious diseases, poor nutrition, worn fillings or inlays, and tartar deposit also play negative roles.

Sequoits hope to break tie against Warren

The Antioch varsity diamondmen tied one game with Warren, which was called because of darkness after eight, and is still to be finished, and split a double header against Stevenson.

This puts the Sequoits at 5-4-1 in overall play and 3-1-1 in conference play.

The Antioch nine will face Lake Forest in a makeup game, on Monday, April 23, at Antioch.

On Tuesday, April 24, they will go against Mundelein, at Mundelein; on Thursday, April 26, they will try to finish that tie against Warren and play another scheduled game against the Blue Devils.

Then the Sequoits are scheduled to play another double-header on Saturday, April 28, in another make-up game against Niles North.

Antioch tied the game against Warren after John Mahar lead off in the fifth inning and advanced to second on a ground-ball out by Frank Mahar. A triple by Andy Lehn brought John Mahar in.

Warren tied the game up in the bottom of the seventh

when an error by Antioch's shortstop brought the tying run in.

John Humphreys has gone all the way in this one so far with 10 strikeouts and one walk.

On Saturday, April 21, the Sequoits took one and lost the other in nine innings of a double header against Stevenson, played at Antioch.

The Sequoits took the first game, 5-4, with Jim Kouth the winning pitcher, going five innings to be relieved by Craig Prather.

Kouth had 12 strikeouts, no walks, and gave-up seven out of 10 hits. Prather gave-up three hits, one strikeout and no walks.

In the first inning, Joel Bissing took first on a walk and stole second. Humphreys walked and so did John Mahar. Then Prather singled, bringing Bissing and Humphreys in.

A ground-out by Frank Mahar brought twin John home. A hit by Lehn and a walk by Gebauer loaded the bases and a sacrifice fly, hit by Bob Waldron brought Prather in.

As it turned out, Antioch scored the winning run early in the game with a single by Bissing in the second and a triple by Humphreys being all she wrote in the scoring department for that game.

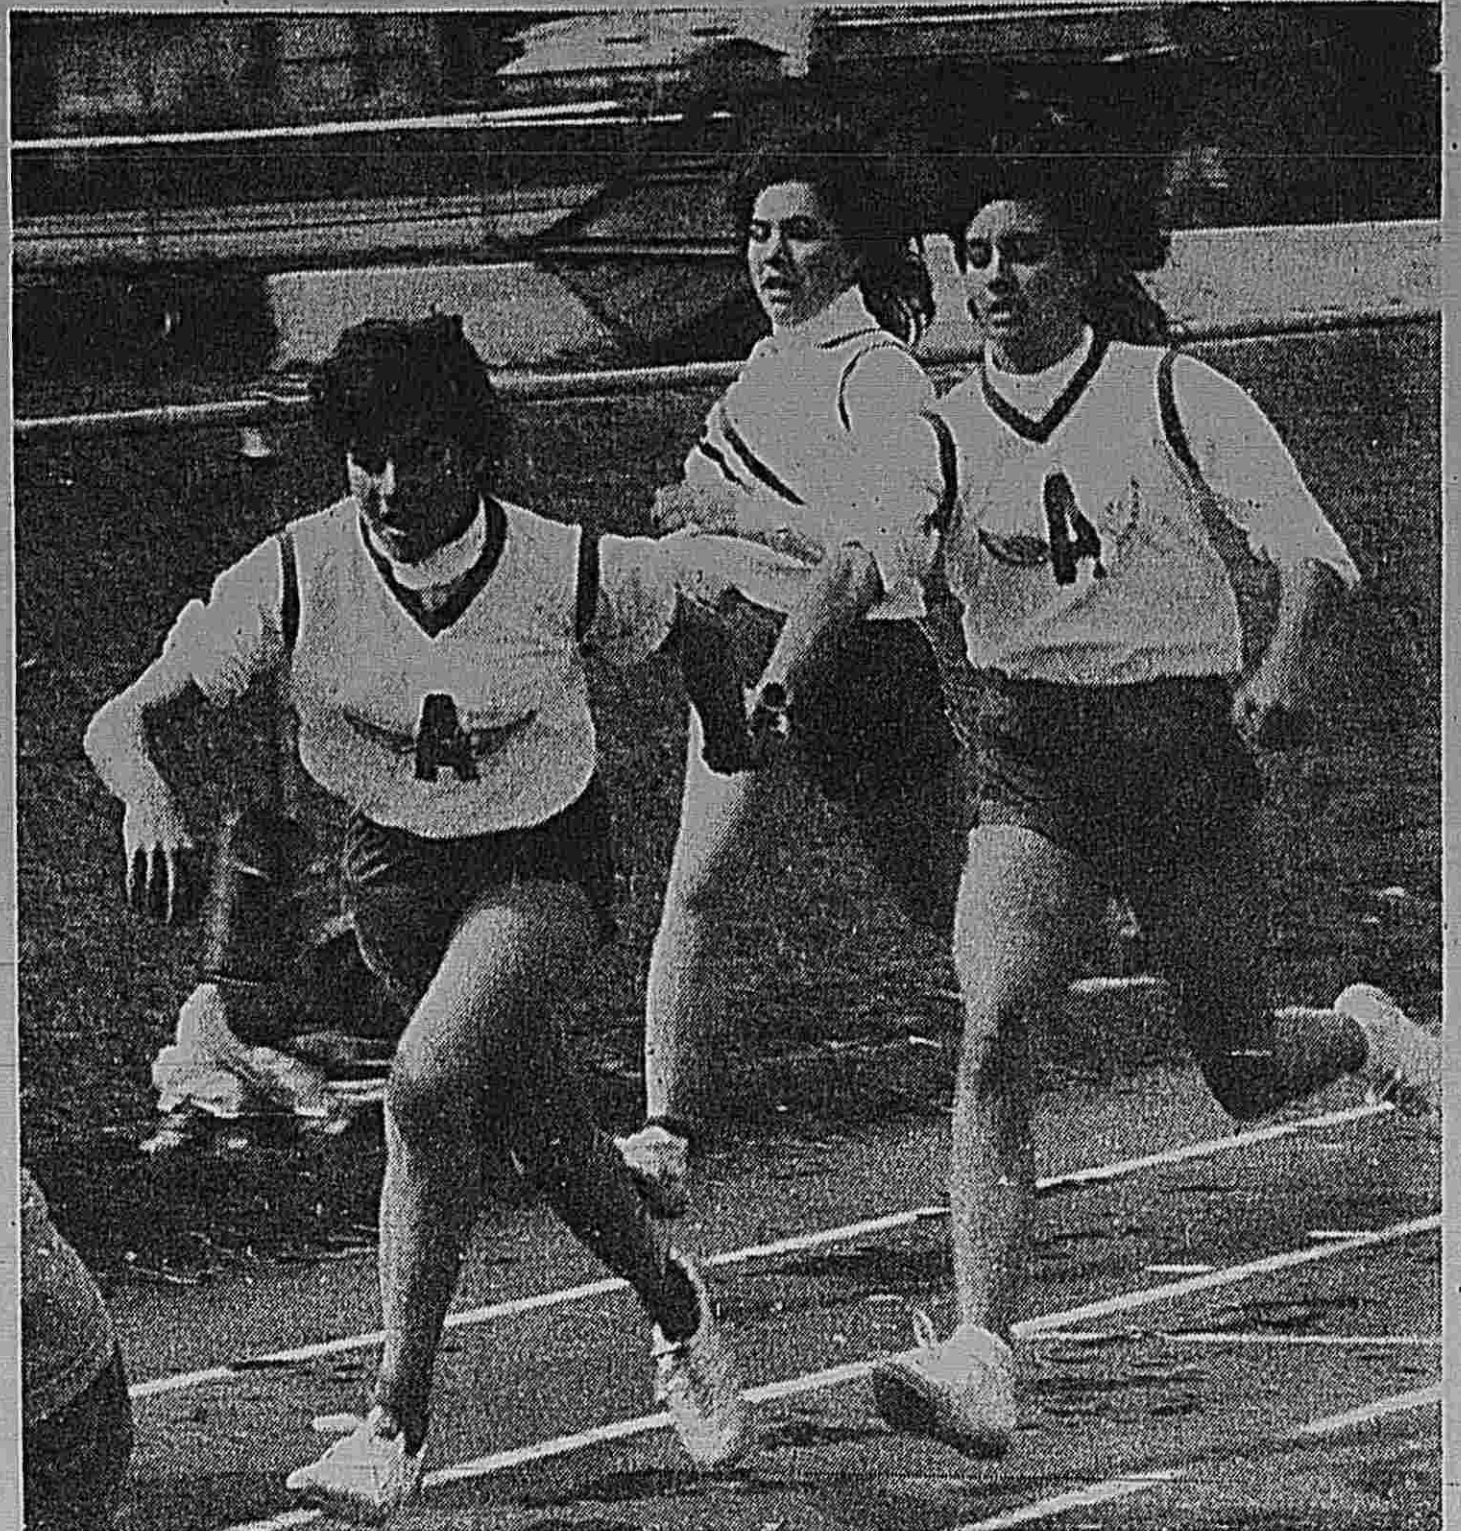

Their second game on Saturday went into extra innings, with Stevenson coping the win, 6-5.

Prather got the Sequoits off to a good start by smacking a homer in the first, then came a single by John Ruggles in the second, Waldron got on base on an error, and a single by Bissing brought Ruggles and Waldron home.

In the top of the fifth, a single and a stolen base by John Mahar put him on second and again he was brought home by a single hit by brother Frank. This put the Sequoits ahead 5-4.

But success was fleeting, as Stevenson had three hits in a row in the bottom of the seventh to bring in the tying run.

Stevenson came back with two base hits after one out, putting runners on first and third. Then a sacrifice fly brought in the winning run.

The Antioch JV softball team fell behind Zion early and were never able to quite catch the Zee Bees. When the game was finally called because of darkness in the sixth inning, the Sequoits had closed the gap to 14-13 with runners in scoring position. However the inning

was never completed, and the five inning 14-10 count ended up as the final score.
